NPIC/TSG/RED-216-70

27 August 1970

MEMORANDUM FOR: Chief, Applied Photo-Science Division, TSG/NPIC

SUBJECT : Summary Update Briefings

REFERENCE : TSG/PSD Memo 075/70, Dated 16 July 1970 Re Subject

Thanks for your memo referenced above. I have consulted the Chief, RED and the RED branch chiefs regarding your proposals. We all agree that the idea of setting up a specific schedule for these briefings is a good one and generally concur with the schedule you have proposed except that we suggest the briefings be reduced to three times a year as follows:

- a. Second week of February
- b. Second week of July, and
- c. Second week of November

The RED projects for which you request briefings, listed in paragraph 3 of the reference, are obviously appropriate. We would only request that where we determine it beneficial we might invite representatives of other organizations to attend these briefings in order to obviate unnecessary repetition. We plan to deliver similar types of briefings for IEG and PSB, and would be glad to make these schedules and subjects available to you if you are interested. If we hear no further from you on this matter, we will assume that you concur with our proposed schedule.
